## **CSE213 Project Checklist**

(indicate yes/no on which of the following are included in your project)

SL	Project elements	Included (Yes / No)
1	Label, TextField	yes
2	TextArea	yes
	CheckBox without event handling	no
	CheckBox WITH event handling	no
	RadioButton with ToggleGroup	no
	ComboBox without event handling	yes
	ComboBox WITH event handling Preparing your scenes with proper background chores by writing initialize method	no yes
	MenuBar, You seeks with proper seeing and entered by whiting intended in the seeks with proper seeing the seeks with proper seeks with pro	no
	Which of the Layouts are used?	*
	- AnchorPane layout	yes
	- BorderPane layout	yes
	- Grid layout	no
	- VBox layout	no
	- HBox layout	no
	- TabPane layout	no
	- Nested Layout	no
11	FileChooser:	
	- To open a file	no
	- To save a file	no no
12	- To apply extension filter Use of File:	no
12	- Did you use Text file using CHARACTER stream? If yes answer the following:	
-	- Written content to text file using character stream?	yes
	- Appended content to text file using character stream?	no
-	- Read content from text file using character stream?	yes
	- Did you use Binary file using DATA stream? If yes answer the following:	, , , , , , , , , , , , , , , , , , , ,
	- Written content to binary file using data stream?	no
	- Appended content to binary file using data stream?	no
	- Read content from binary file using data stream?	no
	- Did you use Binary file using <b>OBJECT</b> stream? If yes answer the following:	
	- Written content to binary file using object stream?	no
	- Appended content to binary file using object stream?	no
	- Read content from binary file using object stream?	no
13	Use of TableView with column configuration in some method	
<b></b>		no
		no
<b></b>		no
	Loading the Parent of a second FXML file to a sub-region of the current scene as a sub-scene	no
	Loading the Parent of a second FXML file on the same Stage	yes
	Loading the Parent of a FXML file on a <b>new</b> Stage	yes
	Passing data from one Scene to Another	yes
18	Charts	
	, , , , , ,	no
	<ul> <li>Is there any event on RUNTIME source associated with your bar chart?</li> </ul>	no
		no
	- Did you retrived data set of your bar chart from file(s)?	
	<ul> <li>Did you retrived data set of your bar chart from file(s)?</li> <li>Is there any PIE chart in your project? If yes, answer the following:</li> </ul>	no
	Did you retrived data set of your bar chart from file(s)? Is there any PIE chart in your project? If yes, answer the following: Is there any event on RUNTIME source associated with your pie chart?	no no
	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?	no no no
	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?	no no
	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LINE chart in your project? If yes, answer the following:	no no no no no
	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LINE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your line chart?	no no no no no
	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LIME chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your line chart?  Did you get data set of your line chart from user input?	no no no no no no no no
	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LIME chart in your project? If yes, answer the following:  Is there any une ton RUNTIME source associated with your line chart?  Did you get data set of your line chart from user input?  Did you retrived data set of your line chart from lile(s)?	no no no no no
	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LIME chart in your project? If yes, answer the following:  Is there any unit chart in your project? If yes, answer the following:  Did you get data set of your line chart from user input?  Did you get data set of your line chart from file(s)?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally they are asset to the following:	no no no no no no no no
	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LINE chart in your project? If yes, answer the following:  Is there any UNE chart in your project? If yes, answer the following:  Did you get data set of your line chart from user input?  Did you get data set of your line chart from user input?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following:	no no no no no no no no no
	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LINE chart in your project? If yes, answer the following:  Is there any LINE on RUNTIME source associated with your line chart?  Did you get data set of your line chart from user input?  Did you get data set of your line chart from user input?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following:  Does one/more of your reports contain dynamically generated content as text?	no n
	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LINE chart in your project? If yes, answer the following:  Is there any LINE on RUNTIME source associated with your line chart?  Did you get data set of your line chart from user input?  Did you get data set of your line chart from user input?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following:  Does one/more of your reports contain dynamically generated content as text?	no n
19	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LINE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your line chart?  Did you get data set of your line chart from user input?  Did you get data set of your line chart from the input?  Did you get data set of your line chart from the input?  Did you get data set of your line chart from the input?  Did you get data set of your line chart from the input?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following:  Does one/more of your reports contain dynamically generated content as text?  Does one/more of your reports contain any table, where cell values are generated as part of report requirement?	no n
19	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LINE chart in your project? If yes, answer the following:  Is there any LINE chart in your project? If yes, answer the following:  Did you get data set of your line chart from user input?  Did you get data set of your line chart from file(s)?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following:  Does one/more of your reports contain dynamically generated content as text?  Does one/more of your reports contain any table, where cell values are generated as part of report requirement?  Does one/more of your reports contain any chart where data set of the chart is generated as part of report requirement?	no n
19	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LIME chart in your project? If yes, answer the following:  Is there any LIME chart in your project? If yes, answer the following:  Did you get data set of your line chart from user input?  Did you get data set of your line chart from user input?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following:  Does one/more of your reports contain dynamically generated content as text?  Does one/more of your reports contain any table, where cell values are generated as part of report requirement?  Does one/more of your reports contain any chart where data set of the chart is generated as part of report requirement?  If PDF is generated, which of the following are included in your PDF	no n
19	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LIME chart in your project? If yes, answer the following:  Is there any LIME chart in your project? If yes, answer the following:  Is there any une to n RUNTIME source associated with your line chart?  Did you get data set of your line chart from user input?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following:  Does one/more of your reports contain dynamically generated content as text?  Does one/more of your reports contain any table, where cell values are generated as part of report requirement?  Does one/more of your reports contain any that where data set of the chart is generated as part of report requirement?  If PDF is generated, which of the following are included in your PDF  Text without any formatting	no n
19	Did you retrived data set of your bar chart from file(s)?  Is there any PIE chart in your project? If yes, answer the following:  Is there any event on RUNTIME source associated with your pie chart?  Did you get data set of your pie chart from user input?  Did you retrived data set of your pie chart from file(s)?  Is there any LINE chart in your project? If yes, answer the following:  Is there any LINE chart in your project? If yes, answer the following:  Did you get data set of your line chart from user input?  Did you get data set of your line chart from user input?  Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following:  Does one/more of your reports contain dynamically generated content as text?  Does one/more of your reports contain any table, where cell values are generated as part of report requirement?  Does one/more of your reports contain any table, where data set of the chart is generated as part of report requirement?  If PDF is generated, which of the following are included in your PDF  Text without any formatting  Text WITH formatting  Bulleted list	no n
